KBRH Health Foundation Payroll Deduction Program

How the Employee Charitable Giving Payroll Deduction Program Works:

Every donation to the KBRH Health Foundation is a gift to support patient care and comfort at KBRH. Any Interior Health employee may commit to a charitable donation directly and automatically by payroll deduction. Every pay period the payroll department makes the deduction as per your instructions. Payroll donations make giving easy and allow you to choose an amount that works for your budget. **After year end, the accumulated charitable tax benefit is issued via charitable tax receipt.**

How to Join the Employee Charitable Giving Payroll Deduction Program:

To participate in the KBRH Health Foundation's Charitable Giving Payroll Deduction Program please fill in this form and return it to the Foundation office for processing. Your charitable gift will be deducted directly and automatically by the Payroll Department until such a time as you request the deduction to discontinue. If you would like at any time to change the fund in which your donation is being credited to, please contact the Foundation directly.
